The header features a large blue number '18' on the left. To its right and across the top of the slide is a horizontal band filled with various light blue line-art icons. These icons include a document, a tag, a puzzle piece, a magnifying glass, a smartphone, a document with lines, a target, a gear, a pie chart, an envelope, a speech bubble, a thumbs up, a lightbulb, a clock, a checkmark, and a presentation screen with a line graph.

SlidesCarnival icons are editable shapes.

This means that you can:

- Resize them without losing quality.
- Change line color, width and style.

Isn't that nice? :)

Examples:

43

Now you can use any emoji as an icon!

And of course it resizes without losing quality and you can change the color.
